

Quiz Date: 26th February 2020

Q1. What is an Operating system?

- (a) It is an interface between User and the Computer
- (b) It manages all resources
- (c) It does all process management tasks
- (d) All of the above
- (e) None of these

Q2. Which process check to ensure the components of the computer are operating and connected properly?

- (a) Booting
- (b) Processing
- (c) Saving
- (d) Editing
- (e) None of these

Q3. The ability of an operating system to run more than one application at a time is called _____.

- (a) Multi-tasking
- (b) Object-oriented programming
- (c) Multi-user computing
- (d) Real-Time
- (e) None of the above

Q4. Which of the following is used to switch between open programs?

- (a) Alt+tab
- (b) Ctrl+tab
- (c) Shift+tab
- (d) Ctrl+Alt

(e) Alt+Shift

Q5.To move to the beginning of a line of text, press the _____ key.

- (a) a
- (b) pageup
- (c) enter
- (d) home
- (e) None of these

Q6.Which among the following is a language used in a computer that is very similar to, the language of humans and is easy to understand?

- (a) Source Code
- (b) Machine Language
- (c) High Level Language
- (d) Object Code
- (e) Assembly language

Q7.The first electronic digital computer contained _____?

- (a) Electronic valves
- (b) Neural Networks
- (c) Fuzzy Logic
- (d) Semiconductor memory
- (e) None of these

Q8. What is the sequence of events that occurs in the computer when it is interpreting and executing an instruction known as?

- (a) Execution cycle
- (b) Instruction cycle
- (c) Working cycle
- (d) Machine cycle
- (e) None of the above

Q9. ____ is a Windows utility program that locates and eliminates unnecessary fragments and rearranges files and unused disk space to optimise operations.

- (a) Backup
- (b) Disk cleanup
- (c) Disk defragmenter
- (d) Restore
- (e) Disk restorer

Q10. Which command is used to set a name to a disk in DOS?

- (a) VOLUME
- (b) VOL
- (c) LABEL
- (d) DISKLABEL
- (e) None of these

Q11. Which among the following is software that uses a pattern-matching technique to examine all files on a disk looking for harmful code?

- (a) Operating system
- (b) Backup software
- (c) Utility programs

BANKERS

adda247

- (d) Driver imaging
- (e) Antivirus Software

Q12._____ is a set of keywords, symbols and a system of rules for constructing statements by which human can communicate the instructions to be executed by a computer.

- (a) A computer program
- (b) A programming language
- (c) An assemble
- (d) Syntax
- (e) None of these

Q13.What does VIRUS stands for?

- (a) Vital Information Resources under Siege
- (b) Viral Important Record User Searched
- (c) Very Interchanged Resources User Searched
- (d) Very Intelligent Resources under Search
- (e) None of the above

Q14.ClipArt is a feature that can be used:

- (a) To places ClipArt in your presentation in slide
- (b) To scan your presentation for incorrect spelling of words on each slide
- (c) To scan your presentation for incorrect spelling in WordArt objects
- (d) All of the above
- (e) None of the above

Q15.Which of the following printers is used in conjunction with computers and uses dry ink powder?

- (a) Daisy wheel
- (b) Thermal printer

- (c) Line printer
- (d) Laser printer
- (e) Band printer

Solution

S1. Ans.(d)

Sol. Operating System is software that works as an interface between a user and the computer hardware. The primary objective of an operating system is to make computer system convenient to use and to utilize computer hardware in an efficient manner.

S2. Ans.(a)

Sol. Booting is a startup sequence that starts the operating system of a computer when it is turned on. A boot sequence is the initial set of operations that the computer performs when it is switched on. Every computer has a boot sequence. The average computer doesn't understand the boot sequence but is important to know for customizing and troubleshooting your computer.

S3. Ans. (a)

Sol. The ability of an operating system to run more than one application at a time is called Multi-tasking.

S4.Ans.(a)

S5.Ans.(d)

Sol. Home key returns you to the beginning of the line, document, page, cell, or screen of where your cursor is positioned.

S6.Ans (c)

Sol. A high-level language is a programming language such as C, FORTRAN, or Pascal that enables a programmer to write programs that are independent of any specific type of computer. Such languages are considered high-level because they are closer to human languages and further from machine languages.

S7.Ans.(a)

Sol. The first electronic digital computer contained electronic valves.

S8. Ans. (b)

Sol. An instruction cycle is the basic operational process of a computer. It is the process by which a computer retrieves a program instruction from its memory, determines what actions the instruction dictates, and carries out those actions.

S9.Ans. (c)

Sol. Disk defragmenter is a Windows utility program that located and eliminates unnecessary fragments and rearranges filed and unused to disk space to optimise operations.

S10. Ans. (c)

Sol. label (command) In computing, label is a command included with some operating systems (e.g., DOS, OS/2 and Microsoft Windows). It is used to create, change, or delete a volume label on a logical drive, such as a hard disk partition or a floppy disk.

S11.Ans. (e)

Sol. Antivirus or anti-virus software, sometimes known as anti-malware software, is computer software used to prevent, detect and remove malicious software.

S12.Ans. (b)

Sol. A programming language is a formal computer language or constructed language designed to communicate instructions to a machine, particularly a computer. Programming languages can be used to create programs to control the behavior of a machine or to express algorithms.

S13.Ans.(a)

Sol. A computer virus is a malware that, when executed, replicates by reproducing itself or infecting other programs by modifying them. Infecting computer programs can include as well, data files, or the boot sector of the hard drive.

S14.Ans.(a)

Sol. ClipArt places ClipArt in your presentation in slide.

S15.Ans.(d)

Sol. Laser printers use a dry ink powder in cartridge called toner.
