Quiz Date: 11th March 2020

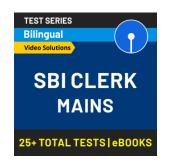

Directions (1-5): Study the given information carefully to answer the given question. Six employees of an organization i.e. B, C, F, E, G, and D are living in Eight storey building in which two floors are vacant which is at even numbered floor. They are going to attend their friends' wedding ceremony in different cities. These cities are Kanpur, Manali, Kullu, Pune, Delhi and Lucknow but not necessary in same order. Top floor is not vacant. The one who is going to attend the wedding in Kanpur, lives on odd numbered floor which is just above the one of the Vacant floors. E lives below to C but not just below. There are two employees live between the one who is going to attend wedding in Kanpur and the one who is going to attend the wedding in Lucknow lives on an odd numbered floor. The one who is going to attend the wedding in Lucknow lives on 4th floor. C lives immediate below the one who is going to attend the wedding in Lucknow. The one who is going to attend the wedding in Kanpur lives below the one who is going to attend the wedding in Kullu. G lives on 5th floor which is just below one of the Vacant floors. G is not going Manali and Pune. The one who is going to attend the wedding in Pune lives below the one who is going to attend the wedding in Sanpur floors.

Q1. Who among the following is going to attend the wedding in Pune?

Q1. Who allong the following is going to attend the wedding in Funct		
(a) E		
(c) C		
(d) F		
(e) D		
Q2. Who among the following lives on 4 th floor?		
(a) E		
(b) C		
(c) G		
(d) F		
(e) B		
Q3. Who among the following lives just above the 1^{st} vacant floor from bottom?		
(a) B		
(b) C		
(c) D		
(d) G		
(e) F		
Q4. On which floor, the one who is going the attend the wedding in Manali, lives?		
(a) 7th		
(b) 8th		

- (c) 3rd
- (d) 4th
- (e) 5th

- Q5. Who among the following lives on Ground floor?
- (a) D
- (b) B
- (c) F
- (d) E
- (e) G

Directions (6-8): Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the three statements and Give answer:

(a) If the data in Statement I and II are sufficient to answer the question while the data in Statement III is not required to answer the question

(b) If the data in Statement I and III are sufficient to answer the question, while the data in Statement II is not required to answer the question

(c) If the data in Statement II and III are sufficient to answer the question, while the data in Statement I is not required to answer the question

(d)If even the data in Statement I, II and III together are not sufficient to answer the question.

(e)If the data in all the Statement I, II and III together are necessary to answer the question.

Q6. Who among A, B, C, D and E is driving the four-wheeler?

(i) B and C are drunk.

(ii) D does not have the driving license.

(iii) D and C are sitting on the front row.

Q7. Who is the tallest among A, B, C, D and E?

(i) E is heavier than D and B. Neither D nor B is the shortest.

(ii) A is taller than B. Neither B nor C is the shortest.

(iii) C is shorter than B and lighter than B.

Q8. B is married to who among the following as given that A, B, C, D, E belongs to a family of three generation?

(i) No one among B, C or E is from the oldest generation of the family. D is the father of A.

(ii) C is the daughter of D. E is the youngest.

(iii) D has only two children and one of them is married. A is unmarried.

Directions (9-11): These questions are based on the information given below:

Eight persons A, B, C, D, E, F, G and H are standing in such a way that C is 20 m apart from B towards West, B is 30 m South with respect to A. A is 40 m towards West with respect to E. D is 50 m towards South with respect to E. F is 15 m apart from G towards North. H is 20 m towards East with respect to G. F is 40 m towards West with respect to D.

Q9. In which direction is B standing with respect to F?

- (a) North-West
- (b) North
- (c) North-East
- (d) Cannot be determined
- (e) None of these

Q10. If one more person I is standing towards South-West with respect to D, then in which direction is H, standing with respect to I?

- (a) South-West
- (b) North-East
- (c) North-West
- (d) Cannot be determined
- (e) None of these

Q11. What is the direction of C with respect to H?

- (a) North-West
- (b) North
- (c) West
- (d) Cannot be determined
- (e) None of these

Directions (12-13): Each of the questions given below consists of a question and two statements numbered I and II. You have to decide whether the data provided in the statements are sufficient to answer the question.

(a) If statement I alone is sufficient to answer the question, but statement II by itself is not sufficient to answer the question.

(b) If statement II by itself is sufficient to answer the question, but statement I alone is not sufficient to answer the question.

(c) If statement either I or II is sufficient to answer the question.

- (d) If both the statements I and II taken together are not sufficient to answer the question.
- (e) If both the statements I and II taken together are sufficient to answer the question.

Q12. Conclusion: Some Milk are Coffee. Some Coffee are not Cold-drinks. Which of the following set of statement is required that logically satisfies given conclusions (Given statements to be true even if they seem to be at variance from commonly known facts). Statement I: Some Milk are Drink. Some Coffee are Tea. Statement II: All drink are Coffee. No Tea is Cold-drink.

Q13. Six persons A, B, C, D, E and F are sitting around a circular table. Are all facing towards the center?

Statement I: E sits second to the left of A, who is facing towards the center. C sits opposite to D. F sits to the immediate right of A. A sit second left of C and C does not sit between A and E. F sits second to right of D. F sits third left of E.

Statement II: F sits second left of B. E sits second right of C and is not an immediate neighbour of F. D sits third left of C. B is facing towards the center.

Direction (14-15): Read the information carefully and answer the questions given below:

Building A is to the North of building B and to the West of building C. Building M is to the west of building C and north of building O. Building B is to the southeast of building M and to the northwest of building N, which is to the east of building O.

Q14. Building B is in which direction with respect to building C?

- (a) South
- (b) West
- (c) Northeast
- (d) Southwest
- (e) None of these

Q15. Building C is in which direction with respect to building N?

- (a) South
- (b) West
- (c) Northeast
- (d) Can't be determined
- (e) None of these

Solutions

Solutions	(1-5):
Sol.	

Floor	Employees	Cities
8	В	Manali
7	D	Kullu
6	vacant	Vacant
5	G	Delhi
4	F	Lucknow
3	С	Kanpur
2	vacant	vacant
1	Е	Pune

S1.Ans.(a) S2.Ans.(d) S3.Ans.(b) S4.Ans.(b) S5.Ans.(d)

Solutions (6-7):

S6. Ans.(d)

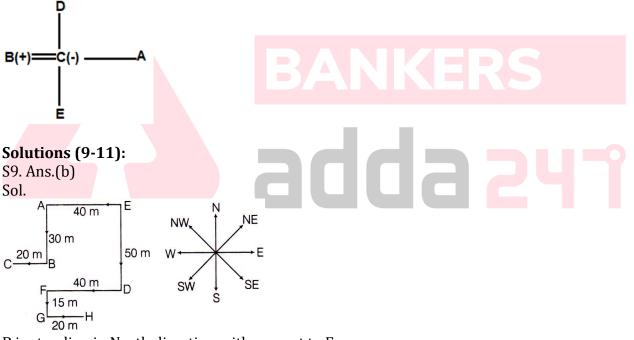

Sol. None is sufficient as the person can be drunk or not have driving license but still be driving the vehicle.

S7. Ans.(d)

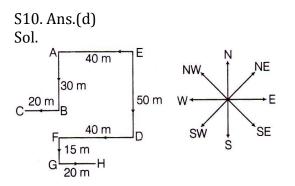

Sol. From (i) (ii) and (iii) we can say that A>B>C, but we can't say who is the tallest.

S8. Ans.(e)

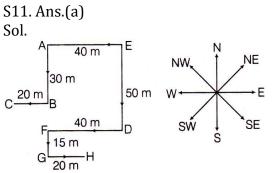

Sol. From all the statements taken together, we can say that B is married to C.

B is standing in North direction with respect to F.

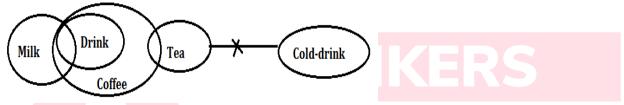

As total distance between I and D is not given, so the position of H with respect of I cannot be determined.

C is in the North-West direction from H.

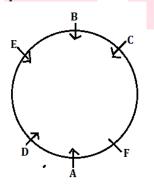

Solutions (12-13):

S12. Ans.(e) Sol. By using both statement I and II-

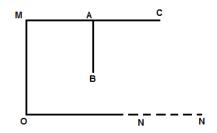

S13. Ans. (d)

Sol. Even by combining both statement I and II the direction of facing of F cannot be determined. So, both the statements I and II taken together are not sufficient to answer the question.

Solutions (14-15): Sol.

S14. Ans.(d) S15. Ans.(d)
