(B) According to James Chung, Partner at StratoDem Analytics, “it is crystal clear that the US has entered a sharp recession.”

(D) Supporting his statement, StratoDem Analytics’ national consensus Gross Domestic Product (GDP) forecasts that the second quarter of 2020 shows a decline of 12.9% in US.

(F) Thus, it is evident that every county in the nation will suffer differently.

Hence, **option (e)** is the right answer choice.

S12. Ans. (c)

Sol. The correct sequence is **CAGBDF**.

(C) When we look back a few months, this may very well be the week when it should be clear to all, that the coronavirus unemployment tsunami has begun.

(A) This can be seen as thousands of restaurants, bars, hotels, and small businesses closing down voluntarily or due to state government executive orders, jobless claims are rising at unprecedented levels.

(G) Not just these, in fact all sectors of the economy are vulnerable to varying degrees.

(B) According to James Chung, Partner at StratoDem Analytics, “it is crystal clear that the US has entered a sharp recession.”

(D) Supporting his statement, StratoDem Analytics' national consensus Gross Domestic Product (GDP) forecasts that the second quarter of 2020 shows a decline of 12.9% in US.

(F) Thus, it is evident that every county in the nation will suffer differently.

Hence, **option (c)** is the right answer choice.

S13. Ans. (d)

Sol. The correct sequence is **CAGBDF**.

(C) When we look back a few months, this may very well be the week when it should be clear to all, that the coronavirus unemployment tsunami has begun.

(A) This can be seen as thousands of restaurants, bars, hotels, and small businesses closing down voluntarily or due to state government executive orders, jobless claims are rising at unprecedented levels.

(G) Not just these, in fact all sectors of the economy are vulnerable to varying degrees.

(B) According to James Chung, Partner at StratoDem Analytics, "it is crystal clear that the US has entered a sharp recession."

(D) Supporting his statement, StratoDem Analytics' national consensus Gross Domestic Product (GDP) forecasts that the second quarter of 2020 shows a decline of 12.9% in US.

(F) Thus, it is evident that every county in the nation will suffer differently.

Hence, **option (d)** is the right answer choice.

S14. Ans. (b)

Sol. The correct sequence is **CAGBDF**.

(C) When we look back a few months, this may very well be the week when it should be clear to all, that the coronavirus unemployment tsunami has begun.

(A) This can be seen as thousands of restaurants, bars, hotels, and small businesses closing down voluntarily or due to state government executive orders, jobless claims are rising at unprecedented levels.

(G) Not just these, in fact all sectors of the economy are vulnerable to varying degrees.

(B) According to James Chung, Partner at StratoDem Analytics, "it is crystal clear that the US has entered a sharp recession."

(D) Supporting his statement, StratoDem Analytics' national consensus Gross Domestic Product (GDP) forecasts that the second quarter of 2020 shows a decline of 12.9% in US.

(F) Thus, it is evident that every county in the nation will suffer differently.

Hence, **option (b)** is the right answer choice.

S15. Ans. (c)

Sol. The correct sequence is **CAGBDF**.

(C) When we look back a few months, this may very well be the week when it should be clear to all, that the coronavirus unemployment tsunami has begun.

(A) This can be seen as thousands of restaurants, bars, hotels, and small businesses closing down voluntarily or due to state government executive orders, jobless claims are rising at unprecedented levels.

(G) Not just these, in fact all sectors of the economy are vulnerable to varying degrees.

(B) According to James Chung, Partner at StratoDem Analytics, “it is crystal clear that the US has entered a sharp recession.”

(D) Supporting his statement, StratoDem Analytics’ national consensus Gross Domestic Product (GDP) forecasts that the second quarter of 2020 shows a decline of 12.9% in US.

(F) Thus, it is evident that every county in the nation will suffer differently.

Hence, **option (c)** is the right answer choice.
