S14.Ans.(e)

Sol. The fact that WHO has extended its assistance to India implies that government funding here is not adequate. So, II is implicit. Besides, WHO has decided to provide assistance to health programmes in India keeping in mind the considerably low per-capita expenditure on health. So, I is also implicit.

S15.Ans.(e)

Sol. The forests shall be visited to increase the knowledge of natural resources. This means that forests abound in natural resources. So, I is implicit. The children are being taken to forests to help them learn more practically. So, II is also implicit.
