Directions (11-15): In the following questions, the symbols @, #, $, ⋆ and © are used with different meanings as explained below:
'A @ B' means 'A is neither smaller than nor equal to B'.
'A # B' means 'A is not greater than B'.
'A $ B' means 'A is neither greater than nor equal to B'.
'A % B' means 'A is neither greater than nor smaller than B.
'A © B' means 'A is not smaller than B'.
Assuming the above statements to be true, you have to decide which of the conclusions is/are definitely true and then mark your answer accordingly.
