Directions (1-5): Study the information carefully and answer the questions given below.

Seven boxes P, Q, R, S, T, U and V are placed one above other in a stack. Each box contains different numbers of pens i.e., 21, 17, 13, 25, 36, 8 and 15. All information is not necessarily in same order.

Two boxes are placed between P and U. The number of pens in box U is a prime number. Box R placed just above the box which contain 17 pens. Box V is placed just below box P and contains lowest number of pens. Two boxes are placed between box V and box Q, which contains 36 pens. Box P contains 8 pens more than box U. Box P does not contain less than 22 pens. Two boxes are placed between box S and box T. Box T contain more numbers of pen than box S. Box Q does not placed just above and just below box S. The number of pens in box Q is perfect square of a number. Box R contains number of pens that is multiple of 5.

Q1. Which of the following box is placed just above the box which contains 36 pens?
(a) R
(b) P
(c) T
(d) U
(e) None of these

Q2. Which of the following box contains 13 pens?
(a) T
(b) Q
(c) V
(d) R
(e) None of these

Q3. Which of the following pair of boxes is placed just above and just below respectively of box T?
(a) U, P
(b) Q, P
(c) R, Q
(d) P, S
(e) None of these

Q4. Four of the following five are alike in certain way based from a group, find the one that does not belong to that group?
(a) U-21
(b) Q-25
(c) R-13
(d) T-8
(e) S-25

Q5. How many boxes are placed between box U and Box S?
(a) Two
(b) Three
(c) Four
(d) More than Four
(e) None

Directions (6-10): Study the information carefully and answer the questions given below

Seven persons P, Q, R, S, T, U and V play different games Volleyball, Tennis, Cricket, Golf, Baseball, Badminton and Basketball. They all like different colours i.e., White, Brown, Pink, Red, Yellow, Green and Blue. All information is not necessarily in same order.

S likes Red colour and Play badminton. T does not play Golf and Volleyball. The one who likes yellow colour does not play cricket. P plays baseball and does not like Pink and brown colour. The one who likes green colour play Basketball. T likes yellow colour. V likes Blue colour and does not play Golf and Volleyball. U likes brown colour. Q plays Volleyball.

Q6. Who among the following likes pink colour?
(a) P
(b) R
(c) U
(d) T
(e) None of these

Q7. Which of the following person play Golf?
(a) Q
(b) S
(c) U
(d) T
(e) None of these
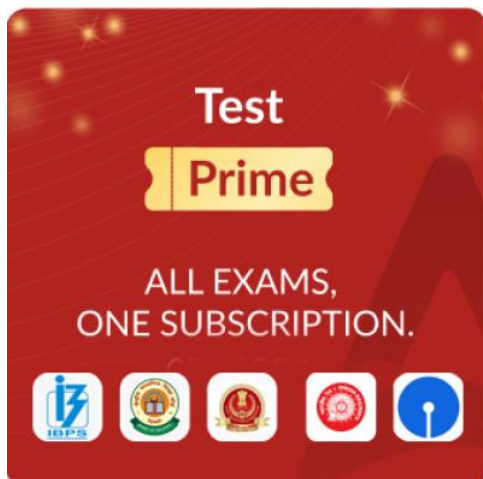

Q8. Which of the following combination is true?
(a) T-Golf
(b) R-Basketball
(c) S-Tennis
(d) V-Badminton
(e) None is true

Q9. Who among the following play Basketball?
(a) P
(b) S
(c) R
(d) T
(e) None of these

Q10. Which of the following given statement is true?
I. T likes yellow colour and play Golf
II. P plays baseball
III. U likes brown colour
(a) Only I
(b) Only I and II
(c) Only II and III
(d) Only II
(e) None is true

Directions (11-15): Study the following information carefully and answer the given questions:

Eight students are appearing in an examination in four different months- August to November in two different shifts- 8 AM and 5 PM. Only two persons give exam in between W and T, whose exam is in the month which have even number of days. P gives exam in the month having 31 days. S gives exam in evening shift but before W. Three persons give exam between U and R. W gives exam before T. V gives an exam in evening shift of the month which have odd number of days but after W. U gives the exam in the month having 30 days but not in November. Only two persons give exam between P and Q.

Q11. Who among the following appears for exam in October in evening shift?
(a) T
(b) Q
(c) S
(d) V
(e) None of these

Q12. T appears in exam in which of the following month?
(a) October
(b) September
(c) November
(d) August
(e) Can't determine

Q13. Who among the following appears in examination immediate before Q?
(a) V
(b) U
(c) S
(d) R
(e) None of these

Q14. Which of the following statement is not true about R?
(a) R appears for exam in morning shift
(b) R appears for the exam in the month which have odd numbers of days
(c) T appears in exam immediate after R
(d) Only two persons appear in exam between R and Q
(e) Both (b) and (d)

Q15. Who among the following appears in examination in October at 8 AM?
(a) P
(b) R
(c) W
(d) U
(e) None of these

Directions (16-20): Study the information carefully and answer the questions given below.
Nine boxes are placed in a stack one above another. Not more than three boxes placed below box C. Three boxes are placed between box C and box D. Box O is placed just above box D. Box P is placed above box B and below box E. Box N is placed at bottom. Box A is placed above box C and below box E. More than four boxes are placed between box N and box M. Neither box A nor box M is placed at top of stack. Not more than one box is placed between box M and box A.

Q16. Which of the following box is placed just above box C?
(a) Box B
(b) Box P
(c) Box A
(d) Box N
(e) None of these

Q17. Which of the following box is placed just below box P?
(a) Box N
(b) Box C
(c) Box M
(d) Box B
(e) None of these

Q18. How many boxes are placed in between box D and Box B?
(a) One
(b) Four
(c) Two
(d) Three
(e) More than Four

Q19. Four of the following five are alike in certain way based from a group, find the one that does not belong to that group?
(a) E-C
(b) P-N
(c) M-A
(d) O-M
(e) D-P

Q20. Which of the following box is placed at top of stack?
(a) Box O
(b) Box D
(c) Box M
(d) Box P
(e) None of these

Directions (21-25): Study the following information carefully and answer the questions given below:
Eight persons i.e., R, S, T, U, V, W, X and Y are working in an office. Each person takes one day leave in different days either on 13th or 25th of the four different months i.e., January, February, March and April but not necessarily in same order.
U takes leave before V but doesn't take leave in the month of 31 days. There are three persons take leave between U and Y. R and S takes leave on prime numbered date. There are as many persons take leave before R as after W. Neither T nor X takes leave on 25th of the month. T takes leave before S and after X.

Q21. Who among the following takes leave on 13th April?
(a) X
(b) R
(c) T
(d) S
(e) None of these

Q22. How many persons take leave between Y and W?
(a) Three
(b) Two
(c) Five
(d) Four
(e) None of these

Q23. When V takes leave?
(a) 25th February
(b) 25th January
(c) 25th March
(d) 25th April
(e) None of these

Q24. Which among the following is true regarding X?
(a) No one takes leave after X
(b) Three persons take leave between X and S
(c) X takes leave on 25th January
(d) W takes leave before X
(e) None is true

Q25. Four of the following five are alike in certain way based from a group, find the one which does not belong to that group?
(a) S – 13th April
(b) V – 25th February
(c) U – 25th March
(d) W – 25th January
(e) U – 13th January

Directions (26-30): Study the information carefully and answer the questions given below.

Six persons P, Q, R, S, T and U are going on holiday on six different days of week (week starts from Monday to Saturday). All information is not necessarily in same order.

Not more than one person goes between Q and T who goes on Thursday. Two persons go between T and U. More than one person goes between Q and P. There is as many persons between U and R as many between R and P. Q does not go on Saturday.

Q26. How many persons go between Q and P?
(a) One
(b) Three
(c) Two
(d) Four
(e) None

Q27. Who among the following person goes just before P?
(a) T
(b) R
(c) Q
(d) R
(e) None of these

Q28. Who among the following person goes on Tuesday?
(a) U
(b) P
(c) Q
(d) R
(e) None of these

Q29. How many persons goes before U?
(a) Two
(b) One
(c) Four
(d) Five
(e) None

Q30. Which of the following combination is true?
(a) Monday-Q
(b) Tuesday-R
(c) Tuesday-U
(d) Friday-P
(e) None is true

Directions (31-35): Study the following information carefully and answer the given questions.

Seven scientist A, B, C, D, E, F and G belongs to different country viz, Japan, France, Russia, Australia, China, India and Germany but not necessarily in the same order. They are living in a seven-floor building where lowermost floor is numbered as 1 and topmost floor is numbered as 7.

D lives on fourth floor but does not belong to China. F belongs to Japan and he lives either on sixth or on third floor. C lives on first floor. E belongs to Germany. B does not live on seventh floor. The one who belongs to Australia lives on second floor. F does not live immediate below G. A lives on fifth floor and he belongs to India. The one who belongs to France lives on Seventh floor.

Q31. Who among the following lives immediate below F?
(a) The one who belongs to China
(b) G
(c) D
(d) The one who belongs to Australia
(e) C

Q32. How many persons live in between G and the one who belongs to Russia?
(a) Four
(b) One
(c) Two
(d) Three
(e) None

Q33. Who among the following lives exactly between A and C?
(a) F
(b) G
(c) D
(d) B
(e) E

Q34. How many persons live below the one who belong to Germany?
(a) None
(b) Two
(c) Three
(d) More than three
(e) One

Q35. Who among the following belongs to France?
(a) E
(b) G
(c) B
(d) C
(e) D

Directions (36-40): Study the information carefully and answer the questions given below.

Eight persons A, B, C, D, E, F, G and H are going for a holiday in four different months i.e., January, March, April and May on two different dates i.e., 11th and 22nd. All information is not necessarily in same order.

D goes in the month which has even number of days. Two persons go between D and F. E goes just after H but not in the same month. C goes after B. A goes before G. Not more than one person goes between C and A. C does not goes in the month which has even number of days. G does not go in March. Not more than one person goes between A and G.

Q36. Who among the following person go on 11th January?
(a) A
(b) C
(c) G
(d) D
(e) None of these

Q37. On which of the following date A goes on holiday?
(a) 11th April
(b) 22nd March
(c) 11th May
(d) 22nd April
(e) 11th March

Q38. How many persons goes between F and H?
(a) One
(b) Three
(c) Four
(d) More than Four
(e) None

Q39. Who among the following goes just after D?
(a) C
(b) H
(c) A
(d) G
(e) None of these

Q40. Four of the following five are alike in certain way thus from a group, find the one who does not belong to that group?
(a) B
(b) D
(c) E
(d) G
(e) A

Directions (41-45): Read the given information carefully and answer the questions:

Seven boxes are placed one above another. Each box contains different numbers of flower i.e., 14, 17, 40, 25, 32, 9 and 16 but not necessarily in the same order.

There are three boxes that are placed between box A and the one which contain maximum number of flowers. More than four boxes are placed above box C. Box E does not contain maximum number of flowers. Box G contain number of flowers which is perfect square of an even number. Number of boxes placed between box G and box D is half the number of boxes placed between box G and box C which contain number of flowers which is perfect square of an odd number. Difference between numbers of flowers is 5 in box D and box F which is placed just below box D. Box E is placed below box B. Box A contain 15 flowers more than box E. Box B is placed below box A.

Q41. What is the number of flowers in box D?
(a) 32
(b) 25
(c) Either 14 or 9
(d) 14
(e) 9

Q42. Difference between the number of flowers of the box which is placed at top of the stack and the box which is placed at the bottom is ___.
(a) 15
(b) 7
(c) 20
(d) 12
(e) None of these

Q43. How many boxes are placed between box F and the box which contain 17 flowers?
(a) One
(b) Three
(c) Two
(d) More than three
(e) None of these

Q44. Which among the following box is placed just above box C?
(a) Box A
(b) Box F
(c) Box B
(d) Box G
(e) None of these

Q45. Which of the following box contain second highest number of flowers?
(a) Box C
(b) None of these
(c) Box B
(d) Box E
(e) Box A

Directions (46-50): Study the information carefully and answer the questions given below.
Six persons are living in a building such that the ground floor is numbered 0, the floor just above it is numbered 1 and so on till the topmost floor is numbered 5. The addition of the floor numbers of E and A is one less than the floor number on which C lives. D lives just above F. A does not belongs to Surat. At least one person lives between the one who belongs to Pune and D. Not more than one person lives between B and E. Three persons live between A and the one who belongs to Vadodara. B belongs to Gandhinagar. The one is from Surat does not live adjacent to the one who belongs to Vadodara. Equal number of persons live between D and E and the ones belonging to Ahmedabad and Mumbai. The one who belongs to Mumbai lives above the one who belongs to Vadodara.

Q46. Who among the following belongs to Mumbai?
(a) E
(b) F
(c) C
(d) A
(e) None of these

Q47. How many persons live between F and the one belonging to Ahmedabad?
(a) Two
(b) One
(c) Three
(d) Four
(e) None of these

Q48. On which of the following floors does C live?
(a) 1st
(b) 2nd
(c) 3rd
(d) 4th
(e) None of these

Q49. Who among the following belongs to Pune?
(a) E
(b) F
(c) C
(d) A
(e) None of these

Q50. Four of following form a group, find the one that does not belong to that group?
(a) E, C
(b) F, B
(c) C, B
(d) B, A
(e) A, E

Directions (51-55): Study the information carefully and answer the questions given below.

Six boxes J, K, L, M, N and O are placed one above another in a stack. They all are different in colour i.e., Black, Blue, Orange, Green, white and Grey but not necessarily in same order.

Three boxes are placed between box L and Box K. Black colour box is placed immediately above box K. One box is placed between box O and box M which is blue in colour. Box O is placed above black colour box. Green colour box is placed above white colour box. One box is placed between box L and white colour box. Box O is placed above box L which is not green and orange colour. Box N is not white colour.

Q51. How many boxes are placed between box J and box O?
(a) Two
(b) More than Four
(c) One
(d) Three
(e) Four

Q52. Which of the following box is placed at bottommost position?
(a) Black colour box
(b) Blue colour box
(c) Orange colour box
(d) Green colour box
(e) Grey colour box

Q53. Which of the following box is white colour?
(a) Box O
(b) Either box O or box K
(c) Box K
(d) Box L
(e) None of these

Q54. Which of the following combination is correct?
(a) K-Blue
(b) L-Grey
(c) O-White
(d) J-Green
(e) N-Orange

Q55. Four of the following five are alike in certain way based from a group, find the one that does not belong to that group?
(a) J-Grey
(b) L-White
(c) N-Orange
(d) O-Blue
(e) J-Orange

Directions (56-60): Study the following information carefully and answer the questions given below.

Six persons P, Q, R, S, T and U are living at seven storey building. Each of them like different Cars i.e., Maruti, Honda, Kia, BMW, Toyota and Volvo. All information is not necessarily in same order. One floor is vacant.

P live at 6th floor. One floor is between P and the one who likes Kia. Two persons live between the person who likes Honda and the one who likes Maruti. The person who likes Honda lives above the one who likes Maruti. Q likes BMW and lives at the bottommost floor. R lives immediately below P's floor and does not like Honda. Two persons live between U and T. One person lives between T and the one who likes Toyota. Vacant floor is one of the above floors of the person who likes Maruti.

Q56. Who among the following person likes Maruti car?

(a) P

(b) S

(c) Q

(d) T

(e) R

Q57. Which of the following floor is Vacant?

(a) 2nd

(b) 7th

(c) 5th

(d) 1st

(e) None of these

Q58. Which of the following combination is true?

(a) R-BMW

(b) P-Toyota

(c) U-Kia

(d) S-Honda

(e) Q-Maruti

Q59. Four of the following five are alike in certain way based form a group, find the one that does not belong to that group?

(a) Q-R

(b) U-Q

(c) T-R

(d) U-P

(e) S-R

Q60. Who among the following person likes Volvo car?

(a) P

(b) S

(c) Q

(d) T

(e) R

Directions (61-65): Study the following information carefully and answer the given questions.

There are eight boxes i.e. A, B, C, D, E, F, G and H which are kept one above the other but not necessarily in the same order. Three boxes are placed between box F and box C. Box F is placed above box C. Box B is placed at second position from the top. Box E is placed just above the box F. Only one box is placed between box H and box A. Box D is placed just above box A.

Q61. Which of the following boxes is placed at the bottommost position?

(a) G

(b) E

(c) C

(d) A

(e) None of these

Q62. How many boxes are placed between box D and box G?

(a) Two

(b) One

(c) Three

(d) None

(e) More than three

Q63. Which of the following statements is true about box G?

(a) Two boxes are placed above box G

(b) Box A is placed just above box G

(c) Three boxes are placed between box E and Box G

(d) Box G is placed at the topmost position

(e) All are true

Q64. Which of the following box is placed just above the box D?

(a) H

(b) B

(c) G

(d) C

(e)None of these

Q65. What is the position of box A?
(a) Just below box G
(b) At third position from the top
(c) Placed below box F
(d) None of these
(e) At fourth position from the bottom

Directions (66-70): Study the following information and answer the given questions.
Six people A, B, C, D, E and F attend an examination on six different days of a week from Monday to Sunday. One of the seven days is a holiday.
B attends the examination on Monday. D doesn't attend the examination on Thursday. F is not the person who attends the examination just after C. Only E and F attend the examination after the holiday. A attends the examination two days before the holiday. Neither Saturday nor Sunday is a holiday.

Q66. Which day is the holiday?
(a) Tuesday
(b) Wednesday
(c) Thursday
(d) Friday
(e) None of the above

Q67. Who among the following attends the examination on Tuesday?
(a) A
(b) D
(c) C
(d) B
(e) None of the above

Q68. Who among the following attends the examination on Sunday?
(a) E
(b) F
(c) None
(d) C
(e) A

Q69. On which day, does C attend the examination?
(a) Sunday
(b) Monday
(c) Tuesday
(d) Wednesday
(e) Thursday

Q70. Which pair of the following is false?
(a) E – Saturday
(b) D – Tuesday
(c) A – Thursday
(d) Friday – Holiday
(e) F – Sunday

Directions (71-75): Study the information carefully and answer the questions given below.
Eight people P, Q, R, S, T, U, V, and W are going on holiday on two different dates i.e., 5 and 8 in four different months i.e., January, March, April and May but not necessarily in the same order.
V goes on the 5th of April. Two persons are going in between V and P. More than two persons are going between U and S. U goes just after R but not in the same month. More than Four persons are going between S and W. None of them goes in the month which has an even number of days. More than one person goes between W and Q. T does not go in March.

Q71. Who among the following person goes on 8th march?
(a) U
(b) Q
(c) R
(d) T
(e) None of these

Q72. How many persons are going between T and S?
(a) Four
(b) One
(c) Two
(d) None
(e) Three

Q73. Who among the following person goes just before V?
(a) T
(b) R
(c) W
(d) U
(e) None of these

Q74. Four of the following five are alike in a certain and form a group, find the one who does not belong to that group?
(a) R
(b) Q
(c) U
(d) T
(e) P

Q75. Which of the following pair of persons goes in May?
(a) W, P
(b) U, W
(c) S, P
(d) U, S
(e) None of these

Directions (76-80): Study the following information and answer the given questions.
There are six boxes having different weight. Each box contains different number of candies- 2, 3, 4, 5, 6 and 1 but not necessarily in the same order.
R contains more candies than M and R's weight more than O, which contains odd number of candies. Box N contains 4 candies. P weighs more than only O. M weighs more than Q and N, but less than R. Box Q contains 2 candies and Q's weight is more than N. The difference between the number of candies of box M and N is 1 and Box M contains more than 3 candies.

Q76. Which of the following box contains highest number of candies?
(a) R
(b) Q
(c) O
(d) M
(e) None of these

Q77. Which of the following box is third heaviest box?
(a) P
(b) O
(c) R
(d) Q
(e) None of these

Q78. What is the difference between number of candies between box R and Q?
(a) 3
(b) 1
(c) 4
(d) 2
(e) None of these

Q79. Which of the following box is heavier than N but lighter than M?
(a) O
(b) Q
(c) R
(d) P
(e) None of these

Q80. How many boxes are lighter than Q?
(a) One
(b) Two
(c) Three
(d) More than Three
(e) None

Directions (81-85): Study the following information carefully and answer the questions given below:
Seven persons i.e., J, X, K, Y, L, Z and M goes to a party on different days of the week. Week starting from Monday. No two persons go to party on the same day. Two persons go to party between K and Z. K goes to party before Z. One person goes to party between K and J. J does not go to party just before Z. Y goes to party immediately before L. X goes to party before M but after J.

Q81. Four of the following five are alike in a certain way and hence they form a group. Which one of the following does not belong to that group?
(a) J-X
(b) X-L
(c) K-Y
(d) L-Z
(e) Z-M

Q82. Who among the following goes to party on Monday?
(a) J
(b) X
(c) K
(d) Y
(e) None of these

Q83. The number of persons go to party between J and L, is same as the number of persons go to party between K and ___?
(a) X
(b) Y
(c) M
(d) Z
(e) None of these

Q84. Who among the following goes to party just before Z?
(a) J
(b) X
(c) K
(d) L
(e) None of these

Q85. Who among the following goes to party at last?
(a) M
(b) J
(c) Y
(d) Z
(e) None of these

Directions (86-90): Study the following information carefully and answer the questions given below:

Eight students A, B, C, D, E, F, G and H are giving a competitive exam in the months of August, September, October and November but not necessarily in the same order. In each month, they give their exam on either 15th or 20th of the given month.

H gives exam on 15th of any of the month which has 31 days. Only one student gives exam after F. Only two students give exam between F and B. Only one student gives exam between B and C. A give exam immediately after G. D does not give exam on the last day and doesn't give exam in the month which has 30 days. G does not give exam after D.

Q86. On which month H gives his exam?
(a) August
(b) September
(c) October
(d) November
(e) Can't be determine

Q87. Which of the combination is true about B?
(a) November-15
(b) September-20
(c) October-15
(d) August-20
(e) None of these

Q88. How many students give their exam after D?
(a) One
(b) Two
(c) Four
(d) Three
(e) None

Q89. Who among the following gives exam before D but after A?

(a) F

(b) E

(c) A

(d) B

(e) None of these

Q90. Who among the following gives their exam on 20th November?

(a) G

(b) E

(c) F

(d) H

(e) D

Directions (91-95): Study the information carefully and answer the questions given below.

Eight Boxes P, Q, R, S, T, U, V and Ware placed one above another in a stack. Each of them is different colour i.e., Red, Blue, Green, Pink, Yellow, White, Orange and Grey But not necessary in same order. Box P which is Blue colour placed just above box which has Orange colour. Three boxes are placed between Orange colour box and Box T. Box S placed just above box Q which is Green colour. More than three boxes placed between Box T and Box Q. Two boxes are placed between Grey colour box and White colour box. Box U placed just above box V which is Red colour. Two boxes placed between box W and Box U. Box W is placed above Box U. Box R is pink colour and does not place just below white colour box.

Q91. Which of the following box is placed just above box P?

(a) S

(b) U

(c) V

(d) Q

(e) None of these

Q92. How many boxes are placed between Box U and Box Q?

(a) One

(b) More than three

(c) Two

(d) None

(e) Three

Q93. Which of the following is colour of Box T?

(a) Orange
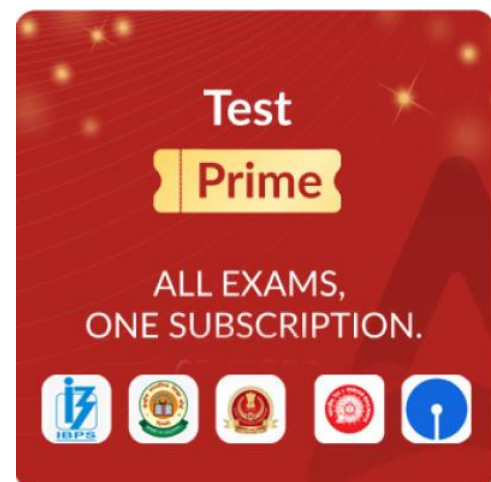

(b) Green

(c) Yellow

(d) Blue

(e) None of these

Q94. Which of the following combination is true?

(a) W-Pink

(b) P-Red

(c) S-Orange

(d) R- White

(e) None is true

Q95. Which of the following statement is not true regarding V?

(a) V likes Red colour

(b) Box V placed below Pink colour box

(c) Two boxes are placed between R and V

(d) Box V placed below Box P

(e) All is true

Directions (96-100): Study the following information carefully and answer the given questions.

There are eight boxes i.e. A, B, C, D, E, F, G and H which are kept one above the other but not necessarily in the same order. Three boxes are placed between box F and box C. Box F is placed above box C. Box B is placed at second position from the top. Box E is placed just above the box F. Only one box is placed between box H and box A. Box D is placed just above box A.

Q96. Which of the following boxes is placed at the bottommost position?
(a) G
(b) E
(c) C
(d) A
(e) None of these

Q97. How many boxes are placed between box D and box G?
(a) Two
(b) One
(c) Three

(d) None
(e) More than three

Q98. Which of the following statements is true about box G?
(a) Two boxes are placed above box G
(b) Box A is placed just above box G
(c) Three boxes are placed between box E and Box G
(d) Box G is placed at the topmost position
(e) All are true

Q99. Which of the following box is placed just above the box D?
(a) H
(b) B
(c) G
(d) C
(e)None of these

Q100. What is the position of box A?
(a) Just below box G
(b) At third position from the top
(c) Placed below box F
(d) None of these
(e) At fourth position from the bottom
